YES	NO	YES	People speeding and overtaking recklessly	More police presence and speed cameras Police presence/Speed checks. Better footways/verges for walking . Speed limits enforced better + speed reducing measures put in place.
15/07/2019 15:49	YES	YES		YES	YES	YES	Speeding traffic all times day/night. Usual issues with regard to occasional speeding.	
16/07/2019 07:46	NO	NO		NO	NO	YES	Youths speeding in cars behind Draycott Fish Bar car park and driving down Wilne Rd to St Chad's Water at unsafe speeds. I also presume under the influence of drugs judging by the smell they leave near the Army Cadet hut.	Residents permits on Market St and try to get EMH to stop parking on The Green. This may stop day parking by people taking a bus and using the area as a free car park all day.
16/07/2019 14:11	YES	YES	Market St, front of One Shop and Sawley Rd/Fowler St Junction	YES	NO	YES	Speeding cars on Station Road.

16/07/2019 16:59	YES	YES	Sawley Road, Townend Road	YES	YES	YES	Not strictly not parking related but parking on double yellow lines by the one stop. Also parking bays at end of village cause very narrow route which is dangerous with a blind corner.	Speed cameras, traffic warden, remove roadside parking on main route through the village
16/07/2019 21:35	YES	YES	Derby Road	YES	YES	YES	Speeding down Sawley Road to get past the parked cars. Cars parked near Fowler Street block the view as motorists turn on to Sawley Road making this even more dangerous. There is strong support for traffic calming but Derbyshire County Council brush this aside and say it's the Police who must tackle this. There were several accidents this year.	Traffic calming measures on Sawley Road. speed camera on sawley rd, traffic calming chicane at entrance to draycott on sawley rd. speed bumps at end of fowler st. Residents only parking (FREE OF CHARGE) on market place and other streets mentioned. Reinstate the original parking spaces on fowler st.

17/07/2019 14:08	NO	YES	Outside 'One Stop'	NO	NO	YES	There is a lot of speeding on the main road through the village	A couple of speed/cctv cameras, one outside One Stop and one just before the Olympic to cut down on speeding and illegal parking
							Where we live people park their cars either side of our drive and we cannot see when trying to pull out on to the road over the pavement. There used to be a mirror opposite but it was removed for some reason, this would certainly help visibility. We also have bus stop so it makes it even more dangerous as the buses are swerving in and we can only see once out car is a proportion out. Additionally Hopwell is incredibly dangerous around school start and finish time, there are yellow lines but routinely ignored by parents. Cars fly over the hill into Draycott and then only realise there are parked cars on their left hand side and a car coming directly at them so there is no where to go. Last point - there is no crossing at the Breaston end of Draycott and the road is wide to get over to the otherside, not ideal for children and elderly.	Have a pedestrian crossing (Breaston end of Draycott) this will slow the traffic down automatically and allow safe road crossing. Remove the parking spaces outside Pharmacy/JJB and speak with the The Olympic to see if they would lease some space. Stop allowing heavy load/wide vehicles using the bridge on Hopwell road. For speeding introduce chicanes this will reduce speed and stop people using Draycott as a cut through.

							Speeding is our main concern having recently moved into the village from Breaston. We love it here but are concerned about the speed at which cars and motorbikes regularly pass our house. It is only a matter of time before there is a serious accident.	Speed cameras

17/07/2019 22:33	YES	YES	pretty much everywhere, as many houses have more than one car these days	YES	NO	YES	too many speeding cars going WAY faster than the limit, and no speed cameras	By all means set up a car parking scheme, but do not charge us for it! We already pay our taxes and community charge and rent and mortgages to live here. Charging the residents for parking where we live is a ludicrous approach to stopping commuters from parking in the village.

18/07/2019 05:38	YES	Flats at the green	YES	YES	YES	Parking on the grass of the green blocking the view and light from the flats.	In force the double yellow lines
						The long straight encourages speeding. Would like camera's installed. Outside Wilson's chemist needs more management RE right of way - the parked cars there (which have always parked there) cause delays, dangerous situations and frustration. Similarly on the road towards Sawley, parked cars mean there has to be a driver that waits to give way... some less caring driver don't.	Maybe lights triggered by traffic load? I don't see how permits would help anything. Money would change hands and the problems would remain!
18/07/2019 05:42	NO		NO	NO	YES		Speed Camera's along the straight from the Green towards Borrowwash.

Make parking spaces on the grass area of Sawley road one spot for each home of Sawley road with no drive. Speed camera / speed bumps. Parking permits for residents / visitors that do not attract a charge. A fee system for those that ignore the permit requirement, or those that abuse other peoples residential parking
18/07/2019 06:34	NO	Fowler Street, Market Street	NO	NO	YES	Problems with speeding vehicles along Station Road - i have recently contacted our MP to express my concerns	Monitor parking bays already in use with restrictions and provide more direct transport links to residents - the bus journey to Nottingham from Draycott is long than the journey from Derby and considerably shorter Better policing for illegally parked vehicles.

18/07/2019 09:07	YES	Station Road, Market Street, Sawley Road, Derby Road (outside One-Stop)	YES	YES	YES	Speeding vehicles	Electronic speed awareness signs. Double yellow lines outside One-Stop and Draycott off-license
						Traffic speeding through the village. Especially noticeable entering the village. Many vehicles speeding on Lime Grove, cars as well as delivery vans. Many cases of vehicles blocking the pavements by parking partly on them. Makes it difficult for disabled and mothers with young children. Worst problems appear to be near the chip shop. There is plenty of opportunity to park behind the chip shop and behind the shop opposite.	Measures to enforce speed limits. Maybe a reduction in the limit especially on side roads. Other traffic calming action.
18/07/2019 09:08	NO	Derby Road	YES	YES	YES		

19/07/2019 20:48	YES	Fowler Street	YES	YES	YES	Speeding	Yes, loads, just try and get out Fowler street, even worse parking outside the school
20/07/2019 18:18	YES	Hopwell Rd (by the school), Market St, Villa St, Sawley Rd, Fowler St. Derby Road suffers in parts from on-pavement parking plus casual parking on double yellow lines.	YES	NO	YES	1. Existing roads and streets are pressurised by the increased volume of through traffic and by Draycott's residential and commercial expansion. 2. There appears to be an increasing volume of heavy vehicles and frequent buses. 3. The sounding of car horns to announce arrival / departure or for greeting other road users and pedestrians. 4. Speeding.	A starting point would be for all road users to simply remind themselves of and pay strict adherence to the Highway Code; this coupled with more policing of illegal parking and speeding. Consideration should also be given to lowering the 30mph limit on the main roads through Draycott to 20mph. Could more authorised parking be arranged for high volumes of visitors at times of organised events in Draycott, e.g. Yard Sale, Open Gardens, Scarecrow Festival.
21/07/2019 09:21	NO	Market street	NO	NO	YES	Not enough pedestrian crossing places and people speeding through the village.	Add an additional pedestrian crossing or 2.
21/07/2019 15:16	NO	Hopwell Road	NO	NO	YES	Speeding traffic through the village, (residents and non-residents)	Increased use of CREST
21/07/2019 20:03	NO		NO	NO	NO		To ask do you have any suggestions for improving traffic and transport within the parish implies that you already feel there is a problem. Introducing a total residents parking permit across the village for what sounds like a few people parking and commuting into work or parking on a couple of streets sounds like your trying to crack a nut with a hammer. The village has worked hard to build up a number of events and make the village popular encouraging people to move into the area. Adding an extra tax for people to park there own cars on the road for which they already pay car tax isn't going to help.
22/07/2019 10:23	NO		NO	NO	YES	The village appears to have some idiot "boy racers" thinking it appropriate to inflict both speed and noise .	
22/07/2019 14:00	YES	The village center, Sawley road	NO	NO	YES	Speeding through residential streets, in particular Sawley road	Bus service very good. Install speed restriction devices.
23/07/2019 14:03	YES	Market street(has to accommodate a number of Businesses which includes their employees and their customers ) plus it is used as a park & ride/holiday parking. Employees of the Matt Testing company also located in the MILL are parked there from 8am till 5pm Monday till Friday. Some residents who are lucky enough to have a private car park with their apartment do NOT use it .They add to the congestion and PARK on the street!!!!.Hopwell road Sawley road Fowler St outside the ONE STOP	YES	YES	YES	Speeding and volume of traffic at peak times .Market St at 5pm is like the M1	I think that people with the authority should visit the village NOT in uniform more of an undercover operation and witness the for themselves the problem hot spots in the village.I realize that speed camera's are expensive but if they were placed in certain areas they would make a fortune .
23/07/2019 21:01	NO	Outside One Stop (both sides), Fowler Street/Sawley Road Junction, Hopwell Bridge at School times, Cowslip/The Mill.	NO	NO	YES	Speeding through the village.	Permits will not solve the problem, merely push the problem to other streets. Enforcement officers for illegal parking to visit more often. Bollards etc outside One Stop and double yellows opposite the One Stop too. Vehicle activated speed signs as you enter village from all directions. speed enforcement signs/ monitoring. warning signs slow down for cyclists and horses. improve bus stops, create bus stopping bays so traffic can flow freely. Remove the double yellow lines from the corner of Milner ave and Market st, these where added a few years back and make parking problems more difficult, Is there really a need for double yellows in a village where people are just trying to park somewhere near their home, when there is no other alternative?
27/07/2019 08:09	YES	Victoria road	YES	YES	YES	speed limits are broken regularly on Victoria rd and Market st.	thank you,

27/07/2019 12:19	NO	YES	Market Street and the One Stop Shop	YES	NO	NO	Think Market Street has a particular problem with double parking, perhaps a scheme for that particular area might be helpful. Am not convinced that commuting and people leaving their cars is a particular problem, the main problem seems to be the flats and the fact that they have residents parking within it but no one is using it and also the new "The Mill Gymnastics Academy" that has opened within the factory area. The ONE Stop Shop has problems with cars parking on double yellow lines close to the bustop, I'm surprised there hasn't been a serious accident there. Any decision needs to be mindful of the impact on businesses and the events in the village, that make Draycott a vibrant and thriving community. Also decisions need to be evidence based.
27/07/2019 14:51	NO	YES	Station Road, Fowler Street, Sawley Road, Victoria Road people parking on yellow line outside the old post office hindering safe access to and from Wallis Close. Hopewell Road and Meadow close at school drop off and pickup times.	NO	NO	YES	Speeding and noisy cars and motor bikes, through the village.  Campaign for re-opening of Draycott train station and a bus route direct to East Midlands airport To allow residents parking scheme for the streets that have the biggest problems. Better signs for the car park as people do not make use of it.. Try to get rid of the congestion around the market square as I have already seen 2 bumps with the overload of traffic.
28/07/2019 15:12	YES	YES	Market street, Fowler street, Victoria ave.,Meadow close, Hope well Lane,	YES	YES	YES	Speeding on Sawley lane and down market street to wilne, Speeding cars on the main road + speeding school bus on South Street

28/07/2019 21:18	YES	YES	Market Square, Market Street, Hopwell Road, Derby Road, Station Road. Town End Road	NO	YES	YES	1.Speeding particularly on Hopwell Road approaching Draycott village and also in the opposite direction when driving from the village to the Railway Bridge and also on Station Road approaching village. 2. Traffic problems on Station Road due to parked cars on one side of his narrow road. This is not helped by bus stop outside the mill/ drivers parking illegally outside shops on single yellow lane during the daytime. 3. Horse and riders passing through all approaching roads to the village. and a lack of signage warning drivers of the possibility of 'Horse and rider' in the area. 4. Drivers using private driveways for turning with no consideration for owners property. 5. Poor visibility at junctions due to cars being parked on pavements and corners. 6. Unsafe cycling and scootering by young persons riding on wrong side of road/ across road at busy junctions or roads with poor visibility due to parked cars.  1. Reduce speed limit to 20 mph through all roads that approach the village. 2. Introduce traffic calming on Station Road, Sawley Road and Hopwell Road particularly around the primary school area. 3. Enforced 'no parking' on Double yellow lines, and put double yellow lines on corners at junctions for improved safety of children, the disabled and elderly. 4. Seperate Pedestrian Crossing Bridge over Railway on Hopwell Road followed by widening of the road over the bridge by taking away the pavements. 5. Build new Car Park ASAP as soon as a plot of land can be acquired. 6. Ensure all available Public Car Parks are clearly advertised to drivers both from the road, on Parkopedia, Draycott websites, School parent and staff notices, in local businesses. 7. Purchase signs for warning drivers of Horse and Rider on all road approaches to the village. 8. Encourage residents to limit the number of cars they have to two per household. 9. Encourage local young people to take Cycling proficiency test
28/07/2019 22:06	NO	YES	Town End Road	NO	NO	YES	Speeding  Don't charge people for parking in front of their own home. Remove double yellow lines from a Town End Road. Advertise parking behind the fish and chip shop with signs.

29/07/2019 09:28	YES	Market St, Derby Rd (One Stop), Sawley Rd, Lodge St, Fowler St, Station Rd, Victoria Ave, Hopwell Rd, Elvaston St & Villa St	YES	YES	YES	Speeding along Wilne Rd, Derby Rd, Victoria Rd, Hopwell Rd & Sawley Rd. Uninsured motorists. Disregard to traffic signs (deliberately going wrong way round reservations). Inconsiderate/dangerous parking. Using mobile phones whilst driving. Chip shop area particularly bad. Several dangerous road junctions with impeded views (Fowler, Harrington) Dangerous bus stop in square (danger to pedestrians leaving bus and heading East from traffic entering Market St from West) Large vehicles using narrow bridge on Hopwell Rd. Parking vehicles on pavements to usurp road restrictions.	More regular enforcement of parking restrictions. More regular appearance of uniformed traffic police for speeding and taxation etc. Speed restrictions on Sawley Rd (chicane system). HGVs from factory on Wilne Rd should be going other way. Large vehicles not permitted to use narrow bridge on Hopwell Rd but to go along top road.

						Speeding along Draycott Road Lots of cars park on or near street corners which restricts vision.
						Fast bus service to Long Eaton station or reopen Draycott station
						Sawley Road needs traffic calming measures; double yellow lines need to be placed outside the One Stop Shop to stop people parking there when there is a perfectly adequate car park across the road. The parking spaces on Town End Road need to have the time restrictions removed, I have no idea why they are relevant in 2019. I would be happy to pay for a permit to park on my road; if no one else wants to pay, then i will happily pay for a boxed off zone outside my house, similar to the disabled box across the road, then no one pays but me, but i am guaranteed my space.

02/08/2019	No	Yes	Cleveland Ave - cars are left too close to the junction with Derby Road	No	No	NO		
02/08/2019	Yes	Yes	Victoria Road and Station Road	Yes	No	No		Re-instate the railway station
02/08/2019	Yes	Yes	Cleveland Ave - parking both sides of the road at the junction of Derby Road. It makes entering Cleveland and Lime Grove difficult and dangerous if someone is coming the other way	No	No	No		Double yellow lines at the junctions of streets with the main Derby Road. People seem to park as close to the junction as possible and often then use the buses
02/08/2019	No	Yes	Villa Street, Elvaston Street, Harrington Street, Market Street	No	No	Yes	People pull up at the one stop shop, big lorries offload when they should go round the back. Sometimes hard for busses to access the bus stop properly. I think double yellow lines needed on main road on chip shop side by the tennis centre	Very difficult emerging from Fowler Street, also driving down Dawley road you can sometimes have to pass a dozen vehicles as its not wide enough for 2 cars. Can we persuade the 2 bus companioies to alter their times so that they don't arrive so close together
02/08/2019	yes	YES	Market Street	Yes	No	Yes	Station Road when cars are parked on one side - cars filing through don't always want to give way	Try to keep side roads for resident parking, we have people from the Olympic parking on Harrington Street
02/08/2019	Yes	NO		No	No	Yes	Speeding on Derby Road - especially at night	
02/08/2019	No	Yes	Market Street from Milner Ave to the shops - there seems to be a concern from a few people but there is usually space. Main problem small properties with 2 cars parked on the street	No	No	Yes	Occasional speeding and cutting inside the traffic island when turning from Victoria Road to Sawley Road	In the shopping area of Market Street more parking could be made available and 1.5 hr parking limit. This would help resolve parking in the 100 residential section of the mill
02/08/2019	No	yes	Sometimes on Market Street by the shops. I know the residents also complain on a small stretch of the road but there often seems to be spaces there. I do not see that their localised issue justifies a wider residents scheme	No	No	yes	Some speeding Sawley Road and Wilne Road	Time limited parking up by the bus stop and Market Street. Can more spaces be made in this area to help everyone?
02/08/2019	No	YES	Market Street, Fowler Street, Villa Street are very local hotspots. The main village is fine and does not need residential parking scheme. Mose of the time there is available parking on Market Street	No	No	Yes	Speeding but generally fine	Make better use of space at the top of Market Street to create more parking spaces and perhaps time limited parking by the shops?
02/08/2019	No	Yes	Market Street, Lodge Street, Derby Road, Outside one stop shop - yellow lines required	No	No	Yes	Speeding on the main roads and wilne lane to St Chads	
02/08/2019	Yes	No		Yes	No	Yes	Speeding - lots of cars just coming in Jardine Court and turning often at speed. Cars parking half on the pavement / road	Speed checks, extra double yellow lines on some streets / courts. Signage for residents only

02/08/2019	yes	Villa Street, Station Road, Sydney Road, Harrington Street	No	No	Yes	Large Lorries using Harrington Street and Vila St to access WJ Parrys situated on Town End Road	Resident parking permists are NOT a good idea as visitors / delivery people have nowhere to stop. Many houses need 2 spaces or more. People with off road parking should use it and park more responsibly near corners
02/08/2019	No	Fowler Street, Market Street	No	No	Yes	Speeding on Sawley Road and through village is very bad	Yes speed cameras
02/08/2019	No	Market Place, Market Street, Fowler Street - would help if mill residents were mad eto use their designated car park on market street at all times	Yes	No	Yes	Parking very close to the end of Lime Grove with Derby Road and also end of Cleveland Ave with Derby Road and sometimes on Derby Road too close to junction all illegal. Problem for cars entering and exiting have no where to go all illegally parked	Widen Sawley Road opposite terraced houses to ease the passing of parked cars. This will allow both directions to move at the same time. No need for cars at one end or other having to wait in a queue all adding exhaust fumes into the atmosphete. Illegal parking outside onestop shop and opposite chip shop
02/08/2019	yes		yes	No	YES		
02/08/2019	yes	Sawley Lane, Market Place, Fowler Street	Yes	No	Yes	There is but where will visitors park? Sawley Lane - car parked on the grass, lorries are coming down probably 20-30 times a day sometimes fast. Cars drive over the 30 limit again fast	Certainly a parking scheme. Slowing down the cars speed, perhaps numps in the road to slow down traffic
02/08/2019	Yes	Sawley Road, Fowler Street, Market Street, Draycott Square	No	No	Yes	Speeding on Sawley Road, one say system on Fowler Street turning into Sawley Road	Reverse the one way system on Fowler Street. 02/08/2019	No	Yellow lines outside one stop shop on Derby Road ignored and needs enforcing before there is an accident, parking outside vets on Derby Road	No	NO	Yes	Speeding through the village. Traffic using Wilne Land for access to St Chad should be made to use access from Sawley Road	
02/08/2019	YES	Station Road - Chemist, barbers, shop. Market St, Derby Road. It is where businesses are located such as chinese, chip shop, one stop, dundas, newsagents. Houses have more than one cars and are nor guaranteed a space	No	No	Yes	Speeding along Victoria Road, station road, Derby Road. Need a speed awareness camera like Borrowwash and Breaston. Need a speed camera - Hopwell Road needs to be clear of parked cars for ambulances around school runs	Promote the car park behind the chippy, re-open Draycott Station. Reduce bus fares between the villages / long eaton - its almost as much as going to Derby / Nottingham. People would rather jump in the car than walk or pay the bus fare

02/08/2019	YES	YES	All streets built before the advent of the car will face problems as houses werent designed with off street parking. We are lucky as most houses have since installed parking where possible	No	No	Yes	Cars parking on the double yellow lines and pavement whilst visiting the Travs shop and post office and cars speeding all over the village	Sadly there is little that can be done people are too lazy to park sensibly and walk more than 10 steps to their destination. Residents parking schemes end up restricting the very residents they are installed for
02/08/2019	Yes	Yes	Market Street, Market Place, Sawley Road, Victoria Road, cars parking on pavement outside chinese at pavements narrow point	Yes	Yes	Yes	Motor cycles at high speed and HGVs using Hopwell Road over narrow bridge and in village	Too many busses following each other. 02/08/2019	Yes	Yes	Sawley Road @ junction with Fowler Street, Harrington St, Town End Rd (Villa St End) Station Road, Derby Road (outside one stop shop)	No	No	Yes	Speed especially at either end of the village but also particularly in Villa St / Harrington St. Some people drive at a very inappropriate speed considering all the parked cars. Need additional pedestrian crossing near pharmacy	Speed camera, additional pedestrian crossing at Breaston end of the village. More double yellow lines with enforcement (e.g outside off licence on Station Road) can anyone tell me why that is no bus travel car across all operators so I could use ALL available bus services rather than just 1 bus company? Traffic slowing scheme - speed bumps etc
02/08/2019	No	No		No	No	Yes		
02/08/2019	No	Yes	Market Street, Hopwell Road, Meadow Close during school times	Yes	No	Yes	Parking at top of roads such as Cleveland Ave and Lime Grove causes cars to have to take the wrong side of roads when they turn. Pulling out onto main road when vehicles are parked too close to junction is dangerous	Highways should mark on road / pavement indicating where legal distance from junction from parking actually is
02/08/2019	No	No	Cars that park outside one stop shop on the double yellow lines	No	No	Yes	Speeding along the main road, Derby Road / Draycott Road / Victoria Road - I have been in touch with Crest

02/08/2019	Yes	Yes	Fowler Street, the Green, Sawley Road, Main Road Opp Chemist	Yes	No	Yes	Excessive speeding on Sawley Road and Victoria Road particularly at rush hour - this makes crossing at east end of village very dangerous	Pedestrian Crossing and electronic speed monitor Only way to ease parking in streets is to find land to make more parking places which you will not find as housing has taken all spaces that were empty
02/08/2019	Yes	yes	Market Street is the worst	No	No	No		
02/08/2019	No	No		No	No	Yes	Speeding through the village is a huge problem and very regular	Speed reduction strategies such as speed bumps, camera (regular mobile ones) would be useful. Ironically parking the road currently helps reduce the level of speeding
02/08/2019	No	yes	Derby Road, Victoria Road, Station Road, Hopwell Road. Inconsiderate parking outside one stop shop - double yellow lines and bus stop ignored b some when there is a large car park opposite	No	No	Yes	Garages are not being used to put cars in therefore they are being left on the road or half on the pavement causing obstructions	Trying to keep the main road as clear as possible for smooth running of traffic would be helpful. Mirror usage where there is danger when turning onto main road
02/08/2019	No	yes	In the roads running off Derby Road and Victoria Road	Yes	No	Yes	Some mindless drivers still speed above the 30mph through the village	Maybe ferrying mini buses may help. Police surveynce and prosecution of those caught speeding
02/08/2019	No	yes	Market Street, Hopwell road, Fowler Street, Sydney Road	No	No			Market Street appears wide near the bus stop area, could this be re-designed similar to Breaston Centre to provide more spaces to relieve residential areas
02/08/2019	Yes	Yes	Market Street, Station Road	Yes	Yes	Yes	The one way / no entry signs on the junction off Market Street and Victoria Road need to be more noticeable / repositioned. Drivers often drive down the no entry side at speed. Also double parking / road blocking a problem	Improve the no entry signs on Market St
02/08/2019	No	No		No	No	Yes	Large lorries on Hopwell Lane - rail bride too narrow	Sawley Road approx 1 meter of grass verge needs taking away / road widening so vehicles can pass and not queue so long etc
02/08/2019	No	Yes	Station Road - opposite Elvaston Street. On street parking creates a pinch point particularly opposite bus stop outside Parrys Mill	No	No	Yes	Traffic coming into Draycott from Sawley is too fast - doesn't slow down until gets to Junction with Victoria Road	Create a priority for traffic exiting the village on Sawley Road not entering the village. Get rid of the parking spaces opposite the bus stop on Station Road
